

## Produce Safety Alliance – FDA Q&A Teleconferences on Food Safety Modernization Act

The Produce Safety Alliance, in collaboration with the FDA, will be hosting a series of Q & A teleconferences to discuss specific sections of the Food Safety Modernization Act (FSMA) Proposed Produce Safety Rule. This is a great opportunity for you to ask questions directly to the FDA staff. Dr. Jim Gorny, Senior Advisor for Produce Safety, and Dr. Erick Snellman, Policy Analyst, will be available to answer questions.

Each teleconference will have a different focus; please refer to the schedule below. We ask that you keep your questions for each Q & A session relevant to the topic. Though Dr. Gorny and Dr. Snellman may not be able to answer every question, they will be able to direct and review specific sections of the proposed rule to enhance your understanding of what is being proposed. If specific details are not available or addressed in the proposed rule or through this Q & A series, we encourage you to write and submit a comment or question to the docket regarding issues that FDA should clarify or address in the final rule or in companion guidance documents. Comments must be submitted BEFORE May 16, 2013.
