

INTRA

Section 24(c) Special Local Need Label

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF NEW JERSEY

**Heritage® Fungicide
Control of Downy Mildew (*Peronospora belbahrii*) in Basil in Transplants Grown for
Re-sale to Consumers**

**EPA Reg. No. 100-1093
EPA SLN No. NJ-150003**

**This label expires and must not be distributed or used in accordance with this SLN
registration after December 31, 2020**

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This label must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA-registered label.

Plug Production*

Apply 0.9 oz/5000 sq ft (8 oz/A) to emerged plants in plug production trays prior to disease development. Apply uniformly to foliage using a minimum of 3.4 gallons of water/5000 sq ft (30 gallons/A). Make no more than one application during the plug production phase. Follow the Heritage application with alternative chemistries on a weekly schedule implementing a preventative integrated disease management program.

Finish Production**

Apply 0.9 oz/5000 sq ft (8 oz/A) to plants following transplant of plugs to trays, pots or containers in which plants are grown to finish. Apply uniformly to foliage using a minimum of 3.4 gallons of water/5000 sq ft (30 gallons/A). Make no more than one application during the finish production phase. Follow the Heritage application with alternative chemistries on a weekly schedule implementing a preventative integrated disease management program.

Specific Use Restrictions:

- Do not apply more than 1.5 lb ai/A per season of azoxystrobin-containing products.
- May be applied the day of harvest (0-day PHI).

*Plug production refers to the production of a young plant grown from seed in a multi-celled germination tray for a short period of time. After growing to a desired size, the plug is then transplanted in a larger pot or container to grow to a larger size suitable to sell.

**Finish production refers to the production of a finished plant grown to a desired size suitable to sell in a garden center, large format retailer, or other retailers selling plants to consumers for home and garden plantings.
