Temporarily Border Restrictions	The United States and Canada recognize it is critical we preserve supply chains between both countries. These supply chains ensure that food, fuel, and life-saving medicines reach people on both sides of the border. Supply chains, including trucking, will not be impacted by this new measure. Americans and Canadians also cross the land border every day to do essential work or for other urgent or essential reasons, and that travel will not be impacted.	https://www.dhs.gov/news/2020/03/23/fact-sheet-dhs-measures-border-limit-further-spread-coronavirus
